## WINE of THE MONTH

### MIRAVAL Magnum

A classic and favourite  
Côtes de Provence rosé!

Full of freshness, Miraval  
offers elegant aromas of  
fresh and delicious fruits  
like redcurrant, supported by  
slightly lemony and mineral  
notes, all elevated and  
highlighted in this Magnum  
bottle.

Its long and intense finish is  
the signature of a rosé with  
an incomparable elegance.

**Normal Price: \$84.00**

**Sale Price: \$71.40**

### STANDARD BOTTLE VS MAGNUM Is Bigger Better?

- Magnums tend to cause stir and excitement when brought out at a dinner or party; but there are also some real benefits to them, beyond the spectacle.
- A standard bottle of wine holds 750ml, whereas a Magnum holds twice that, at 1.5L.
- Magnums of wine tend to age slower, due to less air in the bottle. Producers also tend to provide large formats of the wines and vintages that they really proud of and want to highlight.
- Magnums of champagne benefit from the larger glass surface area providing more opportunity for yeast cells inside the bottle.
- Essentially magnums are a bigger and better version of your favourite wine or Champagne!
