DID YOU KNOW?
Your Resolution

The New Year's Resolution...about half of us make them, and well, some of us keep them. Ever wonder how this practice came about?

The first version of New Year's resolutions date back some 4,000 years ago to the ancient Babylonians. During their annual Akitu festival, the Babylonians would make promises to the gods. If they were able to keep these promises, the gods would bestow favour on them for the coming year.

These days, New Year's promises/resolutions are a more of a secular practise, with the focus typically on self-improvement and personal growth. The most popular resolutions being to exercise more and eat healthier.

Whatever yours may be for 2021, good luck achieving them all!

SPIRIT
of
THE MONTH

ST. GEORGE
Green Chile Vodka

St. George Green Chile Vodka has the ideal balance of sweet and savoury heat to make the perfect Bloody Mary or a zesty Moscow Mule.

This vodka is infused with a variety of California-grown hot and sweet peppers, lime peel and fresh cilantro, for a deep and vibrant flavour.

Filtered before bottling to remove impurities, the vodka maintains a light green colour as the result of the pepper infusion.

Regular Price: \$39.20
This Month: \$35.28
