## WINE of THE MONTH

### FERNAND THILL Brut Rosé

This rosé is made with 90% Chardonnay and 10% Pinot Noir from Bouzy. The nose is characterized by red berries and blackberries just, typical of rosé Champagne produced in this manner. On the palate you will get balanced fruit as well as floral notes.

Genevieve & Marie Therese are two of the few women still fully immersed into the craft. Their passion for the wine is second to none and you will experience that in every drop!

Regular Price: \$77.40  
This Month: \$69.66

## ~ DID YOU KNOW ~

\*\*\*\*\*

### WHY IS ROSÉ PINK?

Rosé happens when the skins of red grapes touch wine for only a short time. Where some red wines ferment for weeks at a time on red grape skins, rosé wines are stained red for just a few hours. The winemaker has complete control over the color of the wine, and removes the red grape skins (the source of the red pigment) when the wine reaches the perfect color.
