WINE
of
THE MONTH

WARRE'S
White Port

This is a refreshingly light port. Made from white grapes, the fermentation takes place off the skins in order to produce a more delicate style of wine. Ageing takes place at lodges in Vila Nova de Gaia in a combination of oak casks and stainless steel tanks.

Serve chilled to enhance the crisp fruit flavours. Equally delicious served as an aperitif or with light desserts. It can also be enjoyed over ice and lemon with Indian tonic water.

Regular Price: \$28.00
This Month: \$25.20
