## WINE of THE MONTH

### CHÂTEAU LÉOUBE

*Forever Non-Alcoholic Rosé*

Château Léoube's Forever Rosé is crafted just like traditional rosé wine, beginning with organically grown grapes from Provence. Only after fermentation is the alcohol removed, allowing the wine to retain its true structure and character.

This balanced non-alcoholic rosé features notes of fresh red berries and citrus, with a crisp and refreshing finish.

Elegant and food-friendly, this pairs perfectly with salads, seafood and poultry.
